### W. R. Fulton's Meeting

Mr. Fulton, Not Present, Owing To Illness

At the political meeting held on Monday evening there was great excitement throughout. The meeting opened with Mayor Butchart in the chair. After requesting for the speakers, the usual courtesy always extended by Vulcan audiences, the chairman then called upon Mr. F. C. Potts, of Calgary. Mr. Potts, upon rising, expressed the regret of all that Mr. Fulton, the candidate was unable to be present, due to a serious attack of illness which had confined him to bed. The speaker then spoke upon the greatness of the Dominion of Canada and its greatly diversified interests, pointing out that the crop of 1920 in the three prairie provinces were reported to be worth one billion dollars, while the field products of the Province of Ontario in the same year was reported to be worth one billion, two hundred and ten million dollars. This indicated that the elector should make a earnest effort to realize before casting his vote, the effect of his action not only upon this district and province, but upon Canada as a whole. He spoke earnestly for development of Canada's many resources and citing the moving of young men from Canada to United States, because the professional and mechanical opportunities in Canada were so exceedingly limited. Mr. Potts pointed out that the United States of America realized when they attempted to meet the competition of Europe that success could not be obtained unless the manufacturers were assisted by the government in the way of protection to meet the lower cost of production in Europe that day. At the close of Mr. Potts' speech, the chairman then called upon Lieut. Col. N. B. Peacock, of Calgary, who dealt in a more detailed manner with the question of tariffs, comparing the effect of protection and increased population of the United States in the past hundred years. The speaker urged the people the necessity of re-establishment of our dollar by increased production, particularly in the manufacturing of goods and the decreasing of imports to the lowest possible points. At the close of the Colonel's speech the audience was given an opportunity to ask such questions as were pertinent to the discussion of the speakers, whose replies were apt if they did not give full satisfaction to the questioners. Both speakers and the audience displayed a tolerance and good fellowship, which made the occasion a real pleasure.

Lieut. Col. Peacock and F. C. Potts left Tuesday morning for Barons where they will speak.

### Makes Splendid Record

McIntyre & Co. Receive Good News

McIntyre & Co. of Vulcan, distributors for the Advance Rumely, were pleased but not surprised to find the following in the November number of the "Canadian Farm Implements": "Again at the tractor demonstration at Fargo, N.D., last summer, an Oil Pull tractor demonstrated its ability to do more work on less fuel in ploughing tests. The Oil Pull record was only 2.3 gallons of cheap kerosene per acre. This was 30 per cent. less than the average fuel consumption of all tractors, and 7 per cent. less than the average of the six tests scores. There were thirty-five other tractors in this test, thus the Oil Pull still retains the leadership in fuel economy which it has held for the past ten years." This record is due to the remarkable efficiency of Triple Heat Control.

### SPECIAL MEETING

Council Met Thursday, Evening For Special Business

On Thursday evening, November 17, the Town Council met to attend to special meeting. All councillors being present the following business was transacted. The milk bylaw received the third and final reading and was passed, imposing a license of \$25.00 per year, subject to regulation outlined by the Public Health Act. Mr. F. L. Kothlow, was appointed manager of the skating rink for the season.

### Community Club Luncheon

Mr. C. F. Jamieson, of Lethbridge To Speak

The first Community Club luncheon of the season will be held in the banquet room of the Oddfellows' hall on Friday evening, December 2 at 7.30 p.m. Mr. C. F. Jamieson, a distinguished lawyer and the noted orator of the south, will speak to the gathering. Those who have had the pleasure of hearing Mr. Jamieson speak are very loud in their praises of his ability and eloquence, and the committee feel that they have been very fortunate in securing his services for the occasion.

The Women's Auxiliary of the church of England will provide the supper, and the most successful luncheon that has ever been held by the club is anticipated. Tickets are 75 cents each, and a full course dinner will be served.

### Here and There

(Raymond Davis)

There will have to be a lot of moving done in this planet, if they decide at the peace conference to give the different places back to the ones that have the original toe-print on them. Night used to be popular for rest and sleep.

A poor excuse is better than none, it is a good thing some women think so.

Most nations want to be leaders, but very few want to be wheelers. These hunting parties bring back a dead man with them too often.

The Cross Reds of Russia now need the Red Cross of other nations.

Why split hairs about naval power, wonders the London Pall and Mall Globe, that would be better than pulling hairs over it.

These Chinese must be right at home at washing-ton.

A man named Hall, went down and bought a battery from Denbigh last week, when he started out with it, Denbigh said, "Say ain't you going to pay for it?" "No, said Hall, you say in your ad. "Batteries charged."

Necessity is the father of considerable work.

A "nut" should not be loose.

### GREAT SUCCESS

Ball Given by Citizens' Band Attended By Large Crowd

The Masquerade Ball given by the Vulcan "Citizens' Band, on Friday evening last, was attended by a very large and lively crowd of dance enthusiasts from our neighboring districts and towns. Costumes of every description, ranging from the popular clown and coon to Louis XIV, were worn by dancers and non-dancers, everyone acting their different parts to perfection which made it very hard for the judges to choose the winners. The grand march was played at eleven o'clock and the following were awarded the prizes: Mrs. Denbigh, best dressed lady; Constable Reid, best dressed gentleman as "Louis XIV"; Mrs. Murphy, comic, "Pickaninny"; Mr. Fred Simington, comic, "Bolshevik Chief"; or something like that. At midnight the happy throng adjourned to the dining room in the basement where a very delicious supper awaited them, after which dancing was again resumed until two-thirty when everyone dispersed to their different homes, tired but happy.

Many were the comments passed on the wonderful music which was supplied by Ober's Orchestra.

The judges were: Mrs. R. Mitchell, Mrs. J. Shaw, Mr. J. Shaw, Mr. Jacobson, of Calgary, and Dr. Wark.

### GIRLS' CONCERT A BIG SUCCESS

The concert that was put on by the W. I. Girls' Club on Wednesday, November 16, was certainly a great success. As it was a stormy night a large attendance was not expected, but everybody seemed to be there, and all were eager for the curtain to go up and the concert to begin. Mayor Butchart explained that the proceeds were to be used for the girls to go camping next summer.

There were sixteen numbers on the programme and they were all worthy of the applause that they received. Miss Beulah Walker sang two solos that were enjoyed by all. The first dialogue was very comical and made everyone laugh. Miss Cassie gave a reading and Nancy McKellar sang two solos. These numbers were also enjoyed by all. There was another dialogue, "Saving his Bacon." We all sympathize with farmers who lend their harness and find it all broken when it is returned. Bud Flood and May Farrand sang a duet, "Silver Threads Among the Gold." The antics of Bud, when trying to recall to his mind the words of the song which seemed to have strayed, were laughable. The very interesting and exciting dialogue that ended the program was enjoyed by every one.

The girls collected about \$42.00 and we can imagine them having a very enjoyable time next summer when they are using the money.

### RELIEF WORK

People of Town and District Prepare For Relief Work

Through the instrumentality of Mayor Butchart of Vulcan, the presidents of the Women's Institute, Ladies' Aid and Women's Auxiliary met at the residence of Mrs. Jack Marshall on Friday afternoon last for the purpose of organizing a local relief fund. The mayor attended this meeting and explained the necessity of such an organization. He stated that the town of Vulcan and the municipal districts of Royal and Marquis would undertake to provide funds for the relief work. It was decided to hold a meeting of all the ladies in the town in the Union Church on Monday next.

O. L. McPherson, M.L.A. was then called upon for a few words, and dealt largely with the need of organized relief among the needy of this district and urged upon his hearers the necessity of taking steps to provide for those who were in distress.

### NOTICE

Of Annual Meeting of Electors Town of Vulcan

Public notice is hereby given that a meeting of the electors of the Town of Vulcan, will be held at Primary school on Monday, November 28, 1921 at eight o'clock p.m. for the purpose of receiving the auditors interim statement of the finances of the Town for that portion of the year ending on October 31, and for the purpose of receiving the report of the chairmen of the various committees of the council.

Dated November 21, 1921.

A. J. FLOOD, Clerk.

Miss Cassie Davis, passed through town on the morning train on Tuesday on her way to Magrath. Her sister, Miss Gwen, joined her here and accompanied her as far as Lethbridge.

Six boys' suits, sizes 26 to 30, to clear this week at \$8.50 each. A. G. Spooner.

### Oddfellows' Banquet

Samaritan Lodge, Clover Leaf Lodge and Vulcan Encampment Met

One of the most pleasing and successful social functions ever held in Vulcan was the banquet and social evening arranged and held under the auspices of Samaritan Lodge No. 91, Clover Leaf Rebekah Lodge and the Vulcan Encampment on Friday night, November 18.

The banquet was held partly in honor of Past Grand Master G. McQueen who was presented with a veteran's jewel, and Past Grand Percy Irving, who is shortly leaving for the Olds District in future.

"Progressive whist" was the order until 11.30, when the 200 guests filed to the basement where a sumptuous dinner was served by the very efficient committee in charge. After doing full justice to all the good things provided which included a full course turkey dinner, the guests repaired to the hall and were entertained at dancing and speeches until 2 a.m. The music being most graciously supplied by Mrs. Isham, Mrs. Geddes and Mr. Scott.

During the evening Past Grand H. C. Jacques in a few well chosen remarks presented Bro. Irving with a special Past Grand's collar and case, in appreciation of the excellent work he had done in the service of the above mentioned lodges. Bro. Irving making a suitable reply. District Deputy Grand Master Bowie then had the pleasure of presenting Past Grand G. MacQueen with a veteran's jewel, to which he was entitled having remained an Oddfellow in good standing for over 25 years. Bro. Bowie gave a short but very gratifying synopsis of Bro. McQueen's past record in the lodge and heartily congratulated him on receiving this mark of distinction and honor. Bro. McQueen replied thanking the brothers and appreciating the honor of being qualified to wear the coveted jewel.

### SCHOOL FAIR

Officers Chosen for Vulcan District School Fairs Association

A meeting pertaining to the School Fair was held in the Primary school, Vulcan, Saturday, November 19. The following officers and executive committee were elected: President, Mr. E. McPherson; Vice-President, Mr. Bruce Roe; Secretary-Treasurer, Mr. R. Elves. Committee: Messrs. Lindsay, Herdman, Clayton, Parslow, Mrs. Todd, Miss Fair, Miss Cassie and Miss Bennett. Each district is asked to appoint a representative to be included in the executive.

The following motions were passed: That the secretary write each district that has not yet contributed, requesting that the usual contribution be sent in for 1921.

That each district outside of the town be assessed \$10.00 for 1922, Vulcan at \$10.00 per room.

That provision be made for exhibits from High School pupils.

That Mayview school be included in the Vulcan school fair.

That a committee be appointed to revise the prize list. Teachers are requested to send in suggestions regarding change in the prize list to Mr. R. Elves, secretary, not later than Dec. 1. That outstanding accounts be paid. The shield has been awarded to High school for 1921.

### POULTRY NEWS

The secretary of the Poultry Association is in receipt of a communication from Geo. M. Cormie, Dominion Poultry Representative, Edmonton, with reference to the Community Poultry Killing project on which he states that turkeys, ducks and geese will only be accepted. Other classes of poultry should be shipped direct to the marketing service, Calgary. The dates set for Vulcan District is Dec. 7 and 8. The assembling place will be announced later and he points out that though it is not imperative they would very much appreciate all the assistance possible with the killing and picking to make the occasion a regular "killing bee."

The market price will be paid the day the birds are delivered, and any surplus will be pooled and paid when the birds are finally disposed of. He further asks that the birds be delivered on good time and starved for 12 hours, and adds a wise suggestion, "Be sure to keep a number of breeders for next year."

### CHURCH NEWS

This Sunday is Mr. Hayes' last Sunday before going to Edmonton. A communicant's class is to be held in the church at 10.30 Sunday morning. Communion is to be dispensed at the morning service, commencing at 11 o'clock. A cordial invitation is extended to all.

Three cars of prime beef were shipped through here from a Macleod stockman for the Chicago market. If young fat cattle will bring the price this particular bunch should get it.

### Death of Jack Sanson

Mr. Jack Sanson, aged 47 years, died in Vulcan, on Thursday evening, November 17, at 10.30 p.m. He came to Nanton thirteen years ago from Ontario where he engaged in business. Mr. Sanson was well known here having had farming interests in the Kinrossdale district and his death was a shock to his many friends. Funeral services took place on Saturday afternoon in the L.O.O.F. hall, conducted by the Rev. Mr. Willford, of Calgary. The body was shipped Saturday evening to Orillia, Ontario, where it will be buried in the family plot. The deceased leaves a wife, two brothers and three sisters to mourn his loss.

### LOCAL ITEMS

Get Lutefisk at Dyce Allan's. Mr. A. J. Flood, was a business visitor to Calgary last week for a couple of days.

Mr. O. L. McPherson, M.L.A., is a business visitor to Calgary this week.

Mrs. J. Leverington and daughter Vera, were visitors to Calgary this week on business.

Mr. Jim Marshall, returned on Saturday evening from B.C. where he motored with Mr. Kehl.

Mrs. J. Sanson, accompanied by her sister, Mrs. Jim Marshall, left on Saturday for Ontario.

Again we repeat, that there is a "Dollar Dance" on Friday evening. Be there, or send a good excuse.

Miss Bertha Mutz, who is a pupil of Mount Royal College, Calgary, was a week-end visitor.

Mr. Bob Simington, who is now located in High River, spent the week-end in town, renewing acquaintances.

Mr. Lorne Leverington, who is attending school in Calgary, spent the week-end in town with his parents.

Mr. and Mrs. D. Hay and family of Lethbridge, were visitors last week at the home of Mr. and Mrs. R. P. Hay.

"Dollar Dance" again Friday night. There is no excuse about it being too warm to dance now. Be there if you want a good time.

The many friends of Lieut. Col. Peacock, of Calgary, were pleased to meet the Colonel after the meeting on Monday evening.

Boys' rubbers and overshoes at A. G. Spooner's.

Mr. W. Robson, who is travelling in the different parts of the province spent the week-end in town with his family.

Mr. Jack Thompson, of High River, who has been visiting with his parents here, returned to his home on Monday evening.

Born, on Wednesday, November 16, at the Maternity Hospital, to Mr. and Mrs. Maurice Lyman, of Vulcan, a son.

Mr. Leslie Lawrence of Rockyford, spent the week-end in town visiting with his parents, Mr. and Mrs. Lawrence.

The Women's Auxiliary of All Saints church, will hold a sale of work, home cooking, candy, etc., on Wednesday, December 14 in the store, adjoining Mr. Pat Ryan's. Afternoon tea will also be served from 3 o'clock.

The Vulcan Fire bell rang on Friday night and in about ten minutes the whole town was out to do their share, but fortunately it turned out to be a false alarm. The chef at Lem Bros. cafe had put some fat in the fire with the result that someone noticed flames issuing from the chimney and the alarm was sent in. We can look for fires at this time of the season and it is requested that everyone turn out as soon as possible when the bell is rung.

### HEAT OF THE CAMPAIGN

Warm passages were exchanged between Hon. R. Lemieux and L. J. Gauthier, ex-M.P. at an open air meeting held in Quebec. Mr. Lemieux insisted that Mr. Gauthier had been a traitor to the Liberal party, comparing him with Judas Iscariot, told how the latter had hanged himself and hoped that Mr. Gauthier would not go as far as that, but would leave it to the electors of St. Hyacinthe to suspend him by their votes. Mr. Gauthier said Mr. Lemieux was a political corpse. He declared that Mr. Lemieux and his fellow Liberals had betrayed the true principles of the Liberal party, the principles of Laurier, to follow the socialism of Hon. MacKenzie King.

### EDITORIAL NOTES

It seems absurd that candidate elected to parliament cannot occupy cabinet positions without again going to the country.

By way of suggestion—an appropriate Christmas gift to your friends would be a year's subscription to the Times.

Hon. E. C. Drury, premier of Ontario, speaking at Barrie, Ont., on Tuesday, said that the Chippewa electrical scheme was taking a million dollars a week.

The Liberals of Macleod riding met at Blairmore Monday for the purpose of nominating a candidate for the riding. The party will place a candidate in every riding, it is said.

There are 6,000 motor cars in Alberta at the present moment, and a new one every few days. That is a big procession of such craft, and indicates how much faster life is becoming.

The paper and pulp industry in Canada is so steadily increasing that it is now the most important factor in bringing the Canadian dollar back to its 1914 value, declared J. H. Stephenson, editor of the Pulp and Paper magazine.

Look over this for an active 12 days: Nominations for provincial by-election, December 2; nominations for municipal election, December 5; federal election, December 6; provincial by-election, December 9; municipal election, December 14.

"Start voting or stop criticizing," and "A vote at the polls is worth two in the street" are two of the effective slogans being used in a "Get a vote" campaign at Victoria. And one other thing is also important—to see that the candidates nominated are worth voting for when the times comes.

George Hoadley's suggestion that the federal government should establish fish feeding grounds in Belgium, Holland and France, for the finishing of Canadian cattle to be killed and sold fresh on the British market, has aroused considerable interest in live stock circles throughout the west.

Delegates attending the convention of urban municipalities in Calgary, decided to ask the provincial government to appoint a "tax commission" for the investigation of conditions in the various municipalities, and to consider means of collection of taxes and revenue by the government and municipalities.

It is probable that the question of a reduction of freight rates on Canadian railways will shortly be taken under consideration by the Dominion board of railway commissioners. An immediate reduction of 10 per cent. has been ordered effective on United States railroads by the executives of the roads. The reduction applies to carload lots of farm products and is for a period of six months.

powerful leaders in the congress of America. I am not well acquainted with government leaders in Canada. I advise to produce everything possible; be careful what crops you plant and sow; a great demand is coming.

Toronto Saturday Night: A lot of people have been wondering where Germany obtained the billion gold marks which were recently handed over to the allies in the way of a reparation payment. And it was so simple. All Germany had to do was to offer and sell paper marks under a heavy discount to the peoples of the allied countries, the payments for the same being made in gold or its equivalent. The gold then found its way back to Germany and out again as a reparation payment. For many months this continent and Europe have been flooded with German marks, selling at a heavy discount. Those who are always looking for something for nothing took the bait, hook, line and sinker. They gambled on the chance that Germany would be able to redeem these pieces of paper, which of course she is not very likely to do, even if she were able.

In the United States small stores sprang up which did a thriving business in German marks. In Canada some so called "brokerage" houses handled them. Many of them did an astonishing trade.

From the banks the modest savings of the poorer class as well as the funds of the well-to-do, were withdrawn for the purchase of this "wall-paper" currency. They began buying them when they stood at 7 or 8 cents per mark and now that they are quoted around one-half cent a mark they are still being purchased. Think of buying what look like a hundred dollars for two dollars.

Of course all this good money eventually found its way back to Germany where more marks could be purchased. So it is that to all intents and purposes the fellows who turned in and asked Germany and demanded cash reparation have paid it to Germany themselves. The laugh is on us.

### FARM HOME BURNED

The beautiful home of Mrs. C. Brewink, eight miles west of Carmangay, was totally destroyed by fire at three a.m. It is believed an explosion of small coal started the fire. The hired man, who was the only one in the house, was awakened by smoke. A few effects, parrot and cat were saved. It was the best home in the district with lovely new furniture. Insurance not known. Mrs. Brewink is in Calgary at present.

Constable Streetfield, A.P.P., constable at Nanton, is leaving the force and Constable James Davis from Barons, has been appointed in his place.

## TREMENDOUS FIRE LOSSES ANNUALLY

Canada Leads the World in Annual Fire Losses. More Care Should Be Exercised by Canadians

Canada leads the world in its tremendous annual fire losses, according to the official annual per capita fire losses of all the countries of the world for 1920—and it leads the rest of the world by a very substantial majority. Millions and millions of dollars were lost in 1920; and thousands of men and women and children were burned to death. To bring the fire scourge before the people, the federal government set the month of October as fire prevention month, with October 9 as the National Fire Prevention Day.

Alberta shares with the other provinces the burden of this national ash heap. It contributes to this mammoth fire waste, which is the heaviest in the civilized world and a direct community loss, contributing a burdensome tax upon the general public as a whole.

There is no reason to believe that the coming years will be very much different unless proper prevention is used and the law governing fires is properly enforced. Fire prevention authorities' efforts should be busily directed in awakening the general public to the importance of fire prevention, for which they are clearly responsible.

What has been done in Alberta? National fire prevention day has passed for 1921.

Fire losses in Canada in October are estimated at \$2,199,700 by The Monetary Times, made out as follows: Losses over \$10,000 ..... \$1,591,000 Small fires reported ..... 108,700 Estimate of unreported fires ..... 500,000

Total ..... \$2,199,700 The loss for the ten months total \$26,216,160, or just \$1,500,000 short of the total for the whole of 1920.

## YOU CAN GET 150 MORE FOR A BUSHEL OF WHEAT

That Is What  
You Can Do  
Provided You  
Take Advantage  
of Our Offer

We have made arrangements with the E. H. Heath Co. Limited who publish the CANADIAN POWER FARMER whereby we are able to offer that farm magazine together with our own weekly at the one price for both papers. The CANADIAN POWER FARMER is Western Canada's biggest farm monthly. It is now in its twentieth year which means that it is thoroughly established throughout the West. It deals with the mechanical side of the farm. Every issue is full of helpful hints and experiences on the operation of all kinds of farm machinery from a washing-machine to a tractor. Its editor has just completed a trip of several months over Western Canada in a motor car for the purpose of studying the mechanical needs of the farmers. He visited the farmers, lived with them and worked with them. The results of his trip will appear during the next twelve months. This offer may be withdrawn at any time. Without doubt your intention is to renew for this weekly, then why not take advantage now. Your subscription to this weekly together with a year's subscription to THE CANADIAN POWER FARMER for the same price as this weekly alone. This is where you make \$1.50 on a bushel of wheat.

Mail your cheque or drop into our office the first time you are in town.

Briefly stated, this offer means that all Subscribers of The Advocate, both new and old, who pay or are paid in advance, will receive The Advocate and The Canadian Power Farmer for the price of one. All you are required to do is to pay for The Advocate and you receive the both publications.

### ABOUT CANADA'S MISSING MILLIONS

The New York Times Has Following  
Interesting Editorial On Subject  
of Canada's Missing Population

Dr. Peter H. Bryce, until recently Medical Superintendent for the Federal Department of Immigration for Canada, is reported in The Globe of Toronto as saying that Canada has lost in the ten years ending in 1920 one million of the two and a half millions of immigrants who came to that country in the past twenty years. These immigrants, he says, "had gone on because, under forty years of protection, Canada had not developed conditions which made it worth while for these people to stick."

Americans readers of these words will do well to remember that in the election campaign now in progress in the Dominion the tariff is again to the fore as one of the principal issues. Yet, even granting that fact, it would seem that it is in order for Canada to ask, as she is now asking, where has this missing million of immigrants gone, and why? Tariff and protection may have had something to do with their silent departure, but it also seems quite probable that climatic conditions and other elements may have contributed. Last September, for instance, New York witnessed a novel scene in its streets—that of many families in automobiles and trucks leaving this city for new homes in Idaho. They had been induced to make the change by the glowing promises of agents who had lands to dispose of in the Far West, but in the past week word has come of the disillusionment of these homeseekers, who find themselves cut off from ready access to railroads, and in what they now perceive is a situation where they can never realize the hopes with which they set out from Brooklyn in September, and facing a winter of deprivation and suffering.

It seems not improbable that somewhat similar facts may account for Canada's missing million of immigrants. Building new homes in a new land is not an enterprise for any but the hardy and adventurous to enter upon. It may be, as a Canadian observer says, there are thirty million acres of fertile prairie soil waiting for settlers in the Canadian Northwest, lying close to existing railway lines; but except for those familiar with farming operations and supplied financially for a long campaign in making those prairie acres blossom as the rose, one or two Canadian winters would probably discourage the new settlers, especially if crops should be a failure, and in that case they would silently pass on in their quest, many of them, as we know, turning to the southward, where climatic and other conditions are more favorable. Some of these immigrants, the Mennonites for instance, who do not believe in war and who refused to answer the call of their newly adopted country, have gone south, some to the United States, and all, eventually, if arrangements can be made, will go to Mexico. Climate, tariff, education, and social and religious conditions all have probably played their part in the tragedy of Canada's missing million. But whatever the causes, their departure is a matter of concern in a country that badly needs population, for only by settling up its new lands can the burdens Canada is now bearing as a result of the war be reduced and national prosperity be assured.

Meantime an item of daily news brings encouragement to Canadians who may be disturbed about the missing million. It is reported from Victoria, B.C., that one thousand families from the British Isles will come to British Columbia and settle in the Stuart Lake region. These are probably only the vanguard of other British emigrants who may now see in Canada or the vast tracts of unsettled land in Australia the door of opportunity to build homes in the new lands of the empire.

### HOSPITAL AT FOREMOST

Through the co-operation of the provincial government, the Red Cross society has been able to complete plans for the re-opening of the Hospital at Foremost. This institution was closed owing to crop conditions in that district and the people requested the Red Cross to take it over.

The provincial headquarters of the Red Cross are this week sending nurses and supplies and the institution which has a capacity of nine beds, will be re-opened under their administration.

The provincial headquarters is still busy sorting and dispatching clothes to the areas where relief is needed. Officials said today that further donations of old clothes will be thankfully received at all times. They should be sent to the provincial headquarters, Red Cross, O'Sullivan Block, Calgary.

An old country newspaper which we have just received gives an instance of something like the same thing that is happening here now. "At a meeting of Lincolnshire Farmers' Union yesterday the case was mentioned of a farmer who sent 200 bags of cabbages to Covent Garden, each containing 36. They were sold for £15 0s 6d. Railway charges were £9 10s 9d; cartage £1 13s 4d; and commission, 3 16s—a total of £15. The producer received three 2d stamps for 7200 cabbages." So that it looks as if Canada is not the only place where the producer is getting the worst of it.

### FEED STATIONS FOR STEERS IN EUROPE

Hon. George Hoadley Suggests Ship-  
ping Alive, Feeding and Selling  
Dressed Meats

Shipping Canadian cattle over to feed lots in France, Belgium or Holland, finishing them there, slaughtering and delivering the meat fresh on the Smithfield or other British markets, is a suggestion which Hon. Geo. Hoadley, minister of agriculture, has been considering for some time, and which he took up with Dr. J. H. Girdale, during his recent visit to Ottawa.

In interviews which he has given to the Edmonton papers and correspondents, he points out that Canada already has the rail and ocean transportation facilities to move the cattle over where they would be given an opportunity to recover from any shrink or injuries which they might sustain on the trip. Canadian vessels could even be secured to take the fresh killed meat over to the United Kingdom. This he suggests should be a federal government activity, since they have all the facilities and cattle would not only be shipped over from the west, but also from the east. If necessary or advisable Canadian grain could also be transported for feeding the animals.

One of the principal advantages in slaughtering over in Europe is the wider market which prevails there for the various by-products.

Mr. Hoadley also believes that if this step was taken that it would also be a factor in the eventual removal of the embargo against our cattle in the old country, which at present does not look particularly favorable.

He does not see any chance to compete with South Americans in the frozen or chilled meat trade, and thinks this means of supplying the British or the European markets with fresh killed meat would help to solve some of our difficulties.

### CANADIAN AUTHORS WEEK CAMPAIGN

Alberta Teachers Are Getting Behind  
the Movement and Showing  
Keen Interest

During the week, November 19 to 26, throughout Canada, schools, literary societies, patriotic organizations, and all good citizens are invited to consider the claims of Canadian Literature. A reprint of an article giving an outline of the development of Canadian literature by Miss Marion Lockhart is being sent through the mails to teachers and others interested. It is hoped that teachers will make use of the material contained in this article for a series of talks to their pupils during this week.

The associated publishers in Canada have decided to offer 500 Canadian book prizes for school essays on Canadian literature. Teachers who set essays on this subject are asked to send them to the best of Findlay I. Weaver, executive secretary, Canadian Authors Week Campaign, 203, Adelaide Street, West, Toronto. The 500 best essays will be selected by a committee nominated by the Canadian Authors' Association.

When the essays are forwarded for competition, particulars as to the age of the pupil should be attached as this information will be taken into account in awarding the prizes. December 31, 1921, is the closing date for receiving essays. Alberta has a large number of men and women who have attained fame in the field of literature. Doubtless this essay competition will show that amongst the boys and girls in the public and high schools there is talent which later will help us to hold our place as a literary people.

### 30,000 CANADIAN CATTLE TO BRITAIN

In Six Months—Splendid Trade Is  
Shown Embargo or No  
Embargo

A splendid revival of the Canadian export cattle trade to Great Britain is now to be recorded as far as Montreal port is concerned. Up to date 30,000 head of Canadian cattle have been shipped to Britain on local ships during the past six months, and with several ships still to be loaded, the 35,000 mark may be reached before the season closes. Those in charge of the local movement in cattle stated today that Britain embargo or no embargo next season will see a great increase in what was once one of the basic exports of Canada.

### FIRE DESTROYED WOOLWORTH STORE

Thought Fire Originated In Stock-  
Room of Woolworth Store. Fire-  
men Suffer Injury

Fire which started in an unaccountable manner in the basement of the Woolworth store on Eighth avenue at Center street, Calgary, early Saturday morning, did upwards of \$200,000 damage, when it completely gutted the Woolworth store, the Royal Bank chambers, above the store and the second floor of the Royal Bank building and gave 86 firemen of the city fire department one of the bitterest battles in below zero weather they have had for years.

It took six hours of hard, and often dangerous fighting, with the mercury standing at 20 below zero, and the water freezing them into solid cakes of ice as they worked, for the firemen to conquer the blaze. The forces from all fire stations in the city were engaged on the fire. Four of the firemen were injured during the operations, one of them rather seriously, but none of them dangerously. The blaze raged from shortly after 6 in the morning till nearly noon before the 13 streams of water pouring into the burning building stopped the progress of the flames.

Origin of the blaze has not yet been ascertained. There is no boiler room in the basement of the Woolworth stores. Since they draw their supply of heat from the boilers under the Royal Bank offices, next door. William Keffer, manager of Woolworth's believes that some sort of combustion must have occurred among the large quantities of goods stored in the basement of the stores.

Damage done by the fire will total \$200,000, as close as estimates could make it Sunday night, when a partial survey of the wrecked buildings was possible. The heavy sufferers are Woolworth's whose loss Mr. Keffer believes will amount to more than \$50,000, possibly \$75,000, though he would make no effort at a close estimate. The loss is practically all covered by insurance. The Woolworth block, which includes the Royal Bank building on the corner of Eighth and Center street, was damaged to the extent of \$100,000. It is covered by insurance and is owned by the Globe Realty Co. of Montreal, the realty department of the Royal Bank.

Smaller losses include those of the Royal Bank itself, from smoke and water, the large number of physicians' offices on the second floor of the Woolworth store, which were all cleaned out, and the offices of the Royal Bank provincial inspector's staff above the Royal bank, which was also cleaned out. The greater part of the total loss is covered by insurance.

The C.P.R. laid off 400 men last week at Lethbridge.

President H. Wood of the U.F.A. and G. G. Coote, Progressive candidate, held meetings at Macleod, Blairmore, Bellevue and Coleman, this week.

#### PROVINCIAL NEWS

Canada has contributed \$31,105,000 to the gold stocks of the United States, so far this year, according to statistics released by the Federal Reserve Board. Of the sixty-one nations which have sent \$578,684,000 in gold to liquidate their American debt, Canada is the fourth largest unit contribution. England with \$160,107,000, France with \$160,071,000 and Sweden with \$69,092,000 alone exceed Canada.

Dr. Martin Myers, of Champion, was fined \$25 and costs by J. Cooper, J.P., on November 17, for issuing a prescription for liquor for other than medicinal purposes. On the same day J. McGibbon, druggist, Carmangay, was fined the same amount for failing to keep a proper record of liquor supplied by the public vendor.

#### REID HILL NEWS

The Reid Hill Women's Institute are holding a gift bazaar in the Reid Hill church, on Friday, December 2. Free supper to be served and a good program has been arranged. Mr. O. L. McPherson, M.L.A. will speak during the evening. Supper commences at 6.30.

Mr. Walt Glen was called to his home in Washington recently, owing to the sudden death of his father.

A number of friends gathered at the home of Mr. and Mrs. Sperry on Thursday. Mr. and Mrs. Sperry have just celebrated their twenty-fifth anniversary.

Mr. N. Hawkins returned from Calgary on Sunday evening last.

A wedding dance was given at the home of Mr. and Mrs. J. Lucas last week in honor of Mr. and Mrs. Bob Lucas.

#### HEARNLEIGH NEWS

On Halloween night, October 30, the children of the Berrywater school gave a party in honor of the teacher, Miss M. Richard, and the school board. About sixty people were present, mostly rate-payers of the school district. The school wore a festive appearance, the children having decorated it. It was a real old-fashioned party in which everybody joined in for a good time at round games, ducking for apples, musical chairs, etc. Master James Johnson, one of the pupils, welcomed the guests on behalf of the school in a neat little speech and thanked Miss Richard and the board for their interest in the school fair work. Miss Nellie Douglas presented a cup won by Mr. Gerald Crimp at the school fair last year for the highest aggregate. Supper was then partaken of. Miss Richard and the members of the school board, in a few remarks, heartily thanked the children for their kindness and hoped that the congenial relations existing between the children and their teacher, parents and school board would continue for all time, as a successful school is only achieved by the co-operation of all parties. Dancing was next in order for an hour or so when everybody went home happy and contented.

On Friday evening, Armistice Day, a most successful chicken supper concert and dance was held at the Berrywater school under the auspices of the Berrywater U.F.W.A. Supper was served from six to eight p.m., after which the tables were cleared and the programme began. Mrs. Neil Campbell, president of the organization, occupied the chair in a very able manner and in her opening remarks introduced the speakers for the evening. Jno. Buckley, L. A. Gleichen and Mr. Garland, the U.F.A. candidate for the Bow River riding. The first item on the programme was the singing of the chorus "Equal Rights for All" by the gathering, which was followed by a recitation by Miss Ethel Campbell, a piano duet by the Misses Hamilton's, a song by Mrs. J. Baker, a recitation by Miss Nellie Douglas, a song duet by Mrs. G. Campbell and Miss W. Hill, a song by Mr. Buckley, a song by Mr. Neil Campbell and a dialogue by Messrs. L. Richardson, H. Douglas and N. S. Campbell. The accompanist was Miss Richard. At intervals during the programme speeches were given by Mr. Barclay, Mr. Garland and Mr. Sinclair on the coming political fight. Mr. Garland, the U.F.A. standard bearer for the Bow River riding, is a pleasant speaker with a good delivery, brings out his points clearly and concisely and - hammers them home. "Times are changing, no more can the other professions and occupations claim to legislate by reason of their superior education and glib tongues. In the agrarian ranks are leaders equal to the best." On the conclusion of Mr. Garland's remarks Mr. C.L. Oldfield proposed a vote of confidence in our prospective member which was carried unanimously as also was a vote of thanks to the ladies who supplied the provisions and worked so strenuously to put on the supper, and the ladies and gentlemen who kindly helped work out the programme and the dance. After the singing of the National anthem the room was cleared for dancing which was kept up till the early hours of the morning.

Mr. and Mrs. B. Brown from Aldersyde spent Sunday in Ensign.

out on a bean banquet on Monday

The boys' class of our Ensign S.S. which was well attended and much appreciated by the Sunday school and other guests of the boys' class. Seating accommodation for 85 at tables at once took care of the crowd, who much enjoyed the good things the boys passed around. After supper a program of local talent assisted by Vulcan was much appreciated by all. Three short piecey addresses on church and S.S. work rounded out the aims of the banquet.

On Friday evening the U.F.A. held one of their usual popular dances which was well attended and continued to the usual hour. The dance committee announced the next for Friday, November 25, to be a combination skit drive and dance, to which all are invited.

These cold days remind us of our skating rink proposition. The committee are only waiting for cold weather to make the ice and for the assurance that it would be sufficiently used to reward the efforts of making and keeping a rink.

What about our local Chataqua along similar lines of last year. Wake up social committee and line one up for this year. Last year was good. Can you give us a better one this year?

#### EASTWAY NEWS

On Friday night, October 28, Miss Robinson, teacher of the Eastway School, gave a party to the pupils and their friends. About forty people, adults and children, the majority being children, were in costume. The school was prettily decorated with fantastic designs pertaining to Halloween. The evening was spent in games and competitions by the children in such as ducking for quarters and apples, blowing out the candle, best costumes, etc. The crowning mystery of the whole affair to the children at least was seeing where the Ghost lived. Most of the company visited a cavern near the school, where after about a sixty foot descent into the "Bowels of the earth," a young one who was anxious, could inspect the ghost. Needless to say, the children were all anxious, one little girl remarking that they "looked like real people." After a few more games for adults and children most of the latter were ready for the land of dreams which were probably intermingled with ghosts, spooks, black cats and other weird animals.

Ex-Mayor George H. Lees, of Hamilton, who was chairman of the referendum committee, is seeking to arrange a conference with Inspector Hales of the Ontario liquor board to see if home brewing cannot be stopped. The temperance people say that the sale of malt extracts and hops by the druggists to home brewers is mounting alarmingly and that a laughing stock is being made of the Ontario Temperance Act.

## Exclusive But Not Expensive

There is no one item, at such small cost, that in any way approaches the Christmas Card as a remembrance of a friend by a friend.

There is nothing that so cements the good will of a business institution as a thoughtful greeting to its customers, associates and competitors.

Without forgetting the sentimental feature of Christmas giving, the printed greeting comes mighty close to being good business for both individual and firm.

The Advocate has now in stock for your inspection and selection a large stock of Christmas Cards in large and attractive variety. We print the cards to your order, with the greeting just as you desire it.
